Have there been any changes in your organization? Have you undergone any change in ownership or control?

Wellington Management Company LLP (a limited liability partnership) has been an independent, private partnership since 1979, and no changes to the firm's form of ownership structure are contemplated. The firm is owned by 142 partners, all of whom are fully active in the firm. New partners are elected annually, and current partners retire in either June or December, after prenofication to the Managing Partners and development of a succession plan. The Managing Partners are responsible for the governance of the partnership. Oversight of the business of the company is currently the responsibility of Perry Traquina, chairman and CEO, and the Executive Committee. Brendan Swords serves as president of Wellington Management Company LLP, effective 1, July 2012. On 1 July 2014, Brendan will succeed Perry Traquina as chief executive officer and Perry will remain chairman until 31 December 2014, when he will also withdraw from the partnership. Update - During the first quarter, one partner announced that he will be withdrawing from the Partnership effective 31 December 2014.

Mark Jordy - Chief Executive, Wellington Management International Ltd - More than 20 years with the firm

New Office Opening. We are pleased to announce that we opened a new office in Zurich. Wellington Management periodically receives requests for information and subpoenas from various regulators and governmental entities, including the US Securities and Exchange Commission (SEC), US Department of Labor, US Commodity Futures Trading Commission, among others, regarding Wellington Management's trading activities, securities of companies followed by the firm, clients of the firm, and industry practices. To the best of our knowledge, Wellington Management is not the subject of any investigation or administrative proceeding that is material to the firm's investigation and activities, in May 2012, the SEC initiated an investigation into a set of transactions executed by the firm in 2008. In November 2013, the SEC notified Wellington Management that they had concluded their investigation and would not be taking any action against Wellington Management or any personnel.

EXPLANATION OF RISK/REWARD SCATTERPLOT GRAPHS

The crossing lines represent the 5-year return (horizontal line) and 5-year standard deviation or volatility or risk (vertical line) of the index against which the Fund is being measured.

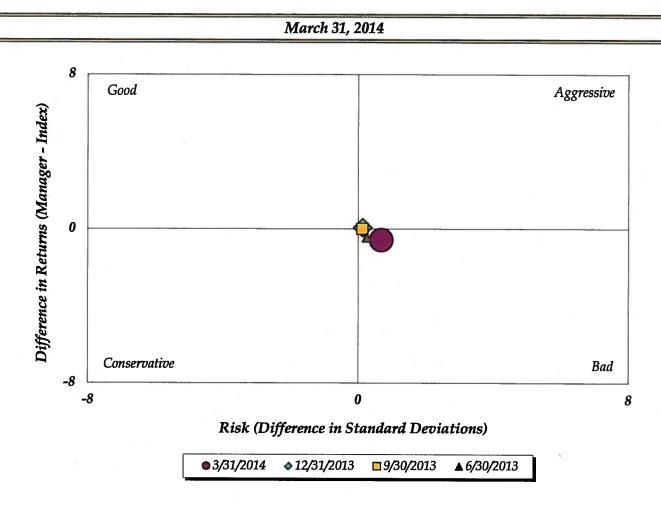

Each point represents the Fund's 5-year return (vertically) and standard deviation or volatility (horizontally), relative to the index. If a point is in the southwest quadrant, for example, the 5-year return of the Fund has been less than (below) the index line, and the 5-year standard deviation (volatility) has also been less than (to the left of) the index line.

There are four points, one for each of the last four quarters. The earliest one is the smallest and the quarter just ended being the largest. Each point shows the 5-year relative position of the Fund versus the index for that quarter. The movement of the points shows the trend, or direction, over time.

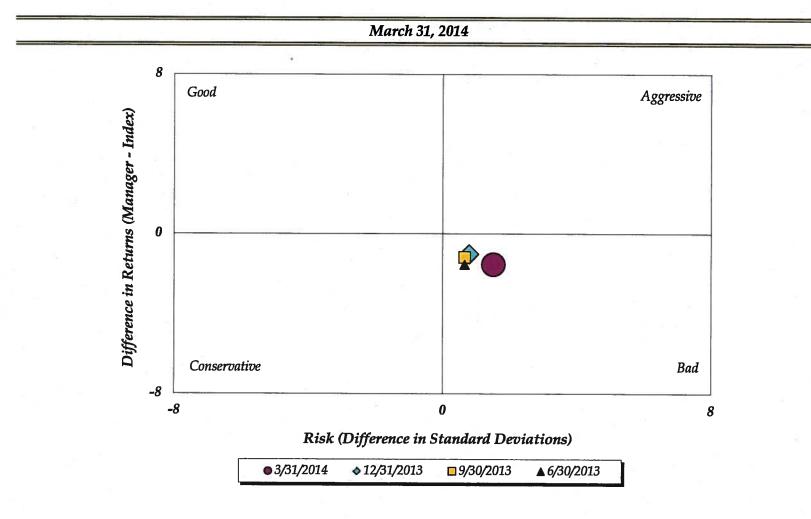

As noted in the graph, the best place to be is the northwest quadrant (less risk and a higher return); the worst place to be is the southeast quadrant (more risk and a lower return).
